Please order all roses and other bare root plants in multiples of 10 of a grade and variety. All roses are dug fresh just prior to shipment. We do not keep roses on cold storage. Book your orders early and have them shipped as you need them.

Any time you can come to Tyler, I would appreciate it very much if you will stop by and visit my place. I will have a large group of plants dug at all times and can load you day or night.

If you prefer to handle roses or any of the other flowering shrubs or trees, packaged, I pack a complete line of plants with a picture tag on every plant.

\*\*\*We are large enough to fill your order and small enough to appreciate it\*\*\*
